Markdown

These are markdown shortcuts that work at the start of a block. They can also be combined, but the Space must only be used after the final command. Example: ">#Space" will create a heading 1 with a toggle.

Quote		Space
Toggle	> Space
Bullet	* Space or - Space
Numbered list	1 . Space
Alphabetical list	a) Space
Roman list	i) Space
To-do	[ ] Space
Icon	( ) Space
Horizontal line	- - -
Heading 1	# Space
Heading 2	# # Space
Heading 3	# # # Space
Heading 4	# # # # Space
